

Sorrento SLSC Youth Welcome to RedCaps

Welcome to Youth

What's next? You have spent the past year hopefully enjoying your life as a Red Cap and working with the amazing Red Cap Age Managers. We are sure that being a Red Cap means very different things to each of you. Mateship, teams, competing, learning lifesaving skills, games, carnivals to name a few. We want to

reassure you that you don't lose this when you come to Youth.

On any given weekend during our summer season our youth are spread across our beaches patrolling, competing, participating in our club swims and Sunday sessions; helping with Juniors as age manager assistants, trainers, assistant coaches, officials; training for competitions, training for fitness, volunteering on fundraising activities and just using the chance to catch up and hang out with their friends.

Youth are vital to the future of our club. Our culture is based on inclusivity across our youth age groups (U14 – U19), respect, mateship, and participation at all levels. We seek to provide an environment that is safe and supports our youth, challenges them no matter what their skill, competency or fitness level is.

With red caps joining youth our numbers are likely to swell to nearly 190 youth in 2022/23!

We need you, your energy, ideas and drive to make our Sorrento Youth Program the best in Australia.

We also need the Red Caps Age Managers and Parents to continue to be involved :). We look forward to seeing you in Winter. Your journey with Youth can start now!

What you need to do before NEXT Season:

Please read our Youth Program Handbook and Website Page. This will update you on all things Youth and what we did with Youth this season.

Visit the Sorrento SLSC Youth Website Page: <https://www.soslsc.com/youth/> as this contains great information on the YIPs and YLP programs available to youth.

Read the Youth Program Handbook: PDF document located on the youth website page. This is the 2021/22 Booklet, and the content is still relevant and will give you a great insight into all the options and pathways available under the youth program. We will be updating this book September 2022.
